

EVENING NEWS REVIEW.

THIRTEENTH YEAR. NO. 45.

EAST LIVERPOOL, OHIO, FRIDAY, JULY 30, 1897.

TWO CENTS

DEARMIT'S MEN STRIKE

240 Out of 1,200 Are Persuaded to Quit Work.

1,000 MEN CAMPED AT HIS MINES.

They Propose to Stay There to Induce the Other Miners Still at Work to Throw Down Their Tools—Mass-meetings Being Held.

PITTSBURG, July 30.—A second meeting to influence the miners at the Oak Hill mines of the New York and Cleveland Gas Coal company has been held at McCrea schoolhouse. Two hundred and forty of DeArmit's men out of a total of 1,200 were present, and adopted a resolution to go out until the strike is settled.

PITTSBURG, July 30.—About 1,000 strikers from various mines in this section are camped about the mines of the New York and Cleveland Gas Coal company, of which W. P. DeArmit is president, trying to urge his miners to quit work. Sheriff Lowry is guarding the mines with 200 deputies. The strikers have several brass bands with them.

The great strike in the Pittsburgh district will not be a success, it is claimed, unless the miners in the employ of the New York and Cleveland Gas Coal company are induced to join in the movement. All the efforts of the strikers are to be concentrated on the three mines of this company, and notwithstanding the declaration of some that they will not join the movement, the strikers are confident that they can be brought out.

As the miners go to work they are urged to lay down their tools, but no violence is done.

A big crowd was present at the first mass-meeting at McCrea's schoolhouse.

Secretary Warner called the meeting to order and nominated District President Dolan as chairman. The chairman made a short speech, in which he accused DeArmit of being insincere. He said that if DeArmit's men did not come out there would be a sympathy strike all over the United States.

M. E. Carrick was next introduced and he said that workingmen all over the United States are interested in this strike because it will have a tendency to raise wages everywhere. "If you men of the DeArmit mines will not come out now we will march 50,000 men here and compel you to come out; not by force, but by shame. We will shame you by our starving women and children. You are clogging the wheels of commerce, and the whole labor world will strike in sympathy with us, if need be. Resort to no violence, my friends. Trust in your leaders, and we will win this strike in other ways than by violence."

When Eugene V. Debs was introduced there was great enthusiasm. He said: "I am here not to encourage passion, but to appeal to reason. You are in the midst of the greatest contest the world has ever known. Whether you succeed or fail depends on yourselves. In order to win you must remain absolutely sober until this contest is over. Whisky clouds the brain, robs you of your money and makes you brutal, and also makes you do just what your enemies want you to do."

"I have been informed that there are men here who are now working, and who have no sympathy with this strike. To you I speak. I want you to know that these men are fighting for families and against degradation and starvation. If they win, you will reap the benefit. If they go down, you go down with them."

"I invite Mr. DeArmit to stand in the presence of the miners. Let him set forth his position and I will present the miners' grievances and wrongs. This is a strike for justice and against degradation, starvation and wrong. It is a question of strike or slavery, and I say strike!"

In conclusion Mr. Debs appealed to those of DeArmit's men to quit work, and so aid the miners in gaining a victory. Resolutions were then offered declaring that the strike was a just one, and that all coal miners should join it. Sheriff Lowry then made a speech, saying that he was in sympathy with the miners' cause and counseling against any disorderly acts.

About half of the miners employed at the Sandy Creek mine were at the meeting, but after the speeches they returned to work. Some men from the Turtle Creek mines were also present.

ATKINSON TO SOON REPLY.

He Will Examine the Injunction at the Behest of Labor Leaders.

CHARLESTON, W. Va., July 30.—Messrs. Gompers, Ratchford and Sovereign, the committee who came here to confer with Governor Atkinson, have left the city. Gompers went to Washington, D. C., Ratchford to Columbus and Sovereign to Fort Wayne. The governor told them that as soon as he received an official copy of the injunction issued by Judge Mason and examined it he would send his reply by mail to each member of the committee. The governor has telegraphed for a copy of the injunction.

Governor Atkinson had a long conversation by telephone with ex-Governor Fleming at Fairmont relative to the injunction. Governor Atkinson was of the opinion that it was too far-reaching in its effects, but ex-Governor Fleming said that it had been prepared with great care and was in accordance with all decisions of the courts upon the subject.

Miners Declined to Strike.

WHEELING, July 30.—In Benwood, just below the city, a meeting of the miners employed in the two mines of the Boggs Run company was held, and addresses made by Secretary Thomas L. Lewis of the Ohio miners and Secretary William Anderson of the Wheeling district. By a close vote the Boggs Run men declined to come out.

To Cut Off Chicago's Supply.

EVANSVILLE, Ind., July 30.—J. H. Kennedy, secretary of the Indiana miners, is here in an endeavor to get the miners of this district to join the strike. Evansville miners, he says, are sending coal to Chicago.

AMERICANS IMPRISONED.

Note in Case of Tobacco Tells of a Spanish Outrage.

PHILADELPHIA, July 30.—While unpacking a case of Havana leaf tobacco an employee of the firm of Vetterlein Bros. discovered the following letter upon a single sheet of note paper:

"There is in Morro castle three American men that were captured in Rio del Pinar. They are not allowed to communicate to anyone to apply for relief from United States government. I take this means to notify persons in the States for them. They have papers for honorable discharge from the army in 1865. They give their homes as Germantown, Philadelphia. The men were on a tour of Cook's excursion."

"ANNO LUCH, Havana." The cargo of tobacco, in which the message has laid, arrived at this port on steamer Seneca from Havana, on April 10, 1896, but was not opened until yesterday.

The letter was forwarded to the state department at Washington. It was dated Havana, April 4.

NEW B. AND L. OFFICERS.

It Was Decided to Hold the Next Convention at Omaha.

DETROIT, July 30.—Omaha was selected by acclamation for the convention of 1898 by the building and loan convention after Cincinnati and Niagara Falls had made somewhat feeble efforts to secure it.

The following officers were elected: President, Lake W. Sanborn, Galesburg, Ill.; first vice president, William L. Bloomer, Buffalo, N. Y.; second vice president, Timothy R. Foster, Vicksburg, Miss.; third vice president, Thomas J. Fitzmorris, Omaha, Neb.; treasurer, William C. Sheppard, Grand Rapids, Mich.; secretary, Herman F. Cellarius, Cincinnati; assistant secretary, George F. Kostmayer, New Orleans.

The members of the executive committee were then elected, one member from each state, and after brief remarks from the new president the convention adjourned sine die.

YOUNG PEOPLE'S ALLIANCE.

The General Convention Now in Session at Pittsburgh.

PITTSBURG, July 30.—The general convention of the Young People's Alliance of the Evangelical association was called to order at 8 o'clock last evening in the High Street Evangelical church. Six local societies exist in Pittsburgh and Allegheny, with an aggregate membership of about 325.

An address of welcome was made by Mayor H. P. Ford, on behalf of the city, and Rev. W. L. Seith spoke for the pastors of Pittsburgh and Allegheny. W. A. Stizler welcomed visitors on behalf of the branches of the alliance of the two cities. Responses were made by Bishop Breyfogle of Reading, Pa.; Rev. C. Stabler of Buffalo and J. J. Arnold of Chicago.

FANATICS FIERCELY FIGHTING.

A British Garrison in India in a Bad Way.

BOMBAY, July 30.—The situation at Camp Malakand has become very serious. Word has been received that the natives in large force have made a second attack on the fort. Thirteen of the British were killed and 30 wounded. The tribesmen lost 100.

The worst feature of the situation now is that the garrison is short of ammunition, and it is feared that the whole supply will be exhausted before reinforcements arrive. The government is making the greatest effort to get these through on time.

It is reported that Mad Mullah has mustered at least 40,000 tribesmen.

Foreclosure on Union Pacific.

OMAHA, July 30.—Judge Sanborn has passed on the decrees of sale in the Union Pacific foreclosure case, accepting the Ames decree with but few corrections. There was a sharp debate over the government's decree. The upset price was placed at \$50,000,000. Judge Cornish was appointed special master to conduct the sale. He will fix the date later.

The Weather.

Fair, warmer; light southerly winds.

HASKELL IS BLOCKED.

Gen. Bond Refuses to Vacate For the Office.

GORMAN SAID TO BE HELPING HIM

Senator Hanna Said to Have Influenced the President and District of Columbia Commissioners in Haskell's Behalf, Thus Securing the Appointment.

WASHINGTON, July 30.—An interesting controversy has arisen in connection with the office of sealer of weights and measures in the District of Columbia. General A. J. Bond, who now fills that office, refused to give way to Mr. Haskell, an Ohio politician, who served as sergeant-at-arms of the last Republican convention.

It is asserted that Senator Gorman has taken a hand in the matter, advising Mr. Bond to remain until he is dismissed. Mr. Haskell is a special protégé of Senator Hanna, who used his influence with the president and the commissioners to have him appointed.

A CONFERENCE REQUESTED.

Amalgamated Men Want to Meet Manufacturers at Youngstown.

YOUNGSTOWN, July 30.—Secretary James H. Nutt of the Iron Manufacturers association has received from President M. M. Garland of the Amalgamated association a request for a conference here today between the Amalgamated association scale committee and the manufacturers.

Secretary Nutt at once sent out notices to all the manufacturers directly interested, but he said it was not certain that they could all get here in time, and it might become necessary to postpone the conference until tomorrow. The Amalgamated association conference committee has been vested with full power to act as it thinks best.

A movement is now on among the local Amalgamated men to have the national headquarters of the association moved from Pittsburgh to this city.

CONGRESS' AFFAIRS BETTER.

His Financial Troubles Are Being Arranged Satisfactorily.

AKRON, O., July 30.—It is stated by those in charge of Colonel A. L. Conger's financial affairs, while he is unable to attend to them, that the storm which has threatened to engulf all his property has passed and that the veteran manufacturer can see a sound footing ahead.

Arrangements have been about completed to take care of all of Colonel Conger's personal obligations; while the corporator on whose paper his name appeared as endorser has weathered the storm which his personal difficulties brought. It is expected that Colonel Conger will soon be able to return to Akron and resume personal charge of his affairs.

Bad Wreck Near Berea.

CLEVELAND, July 30.—One man was probably killed and several injured in a wreck on the Big Four near Berea. A switch engine used for handling cars in the quarry yards backed on the main track and came in collision with a through freight. The engineer of the switch engine is under the wreckage and is thought to be dead. Conductor J. B. Ryan of the through freight sustained a fracture of the right leg. A trainman whose name could not be learned sustained a fracture of the skull and may die.

Ohio Woman Drowned.

SCHENECTADY, N. Y., July 30.—Mr. and Mrs. Marshall of Cincinnati were driving along the Erie canal, near Visschers, when their horse became frightened and plunged into the water. The woman and horse were drowned.

LYNCHERS TO BE PUNISHED.

Dr. Ryder's Brothers Placed Evidence Before the Governor of Georgia.

ATLANTA, July 30.—After giving a secret hearing to two of the brothers of Dr. W. L. Ryder, the white man lynched in Talbot county last week, for the murder of the girl who refused to marry him, Governor Atkinson offered the following rewards:

Five hundred dollars for the arrest and conviction of the first two members of the mob that lynched Ryder; \$100 for each subsequent arrest and conviction, and \$250 for the arrest and conviction of any person or persons hindering or interfering with the bringing of the lynchers to justice.

The governor announces that he has in his possession the names of several of the lynching mob, which numbered 15, with positive proof against three of them. He expresses his determination to exert the full power of his office to punish the guilty parties.

NO INSULT FROM JAPAN.

Admiral Crownshield Discredits a Reported Fourth of July Incident.

WASHINGTON, July 30.—There was some comment here over statements said to have been made in a report to the navy department by Admiral Mo-

Nair, commanding the flagship Olympia, at Yokohama, that no one of the numerous Japanese merchant vessels in the harbor dressed ship on the Fourth of July, although both a British and a French flagship observed the day.

This was said to be an insult from Japan. Admiral Crownshield says merchant vessels are not expected to dress ship and there is no evidence that any Japanese war vessels were in the harbor.

BRIGHT POINTS FOR MINERS.

Bulletin No. 2 Issued From the Headquarters at Columbus.

COLUMBUS, July 30.—Bulletin No. 2 from the headquarters of the United Mine Workers of America to the miners and mine laborers says in part:

The supply of coal on hand is still low and would have been entirely consumed before this time were it not for a few sections of West Virginia, Southern Illinois and a portion of Kentucky, Central and Northeastern Pennsylvania (anthracite), which will be tackled and stopped.

In Western Pennsylvania 21,000 men are now idle. In Ohio 28,000, or all, are idle.

The Fairmont district is completely tied up, with 13,000 mine workers idle in the state. Indications point to a complete cessation of work before Aug. 1.

Organized labor has made the miners' cause their cause.

STRIKE OFFICIALS ARRESTED.

Accused of Traversing and Annoying Miners at McGovern, Pa.

WASHINGTON, Pa., July 30.—Ted and Andrew Savage, James McManus and Tom Hayes, strike officials on whom the injunction had been served at McGovern, have been arrested and brought to Washington, charged with trespass in loitering on the path to the mine along which the miners had to go and using abusive epithets, calling the men "black sheep."

They were allowed by the sheriff to consult an attorney, John C. Bane.

A rule was granted to show cause why they should not be adjudged guilty of contempt of court. They were released on \$500 bail on trespass charges. The case is to be heard Monday at 1 p. m.

WOMEN FIGHT NON-UNIONISTS.

Strikers Being Evicted From Houses in West Virginia.

WHEELING, July 30.—There is renewed indication of trouble in the Monongah district. The wives of the striking coal miners, to the number of about 200, have taken up the fight. Daily encounters between the women and the Italian and negro non-union diggers are occurring.

The eviction of strikers from company houses along the Monongah valley is in rapid progress.

Raiding Miners Closed Mines.

ROANOKE, Ill., July 30.—Four hundred miners from Minonk, Wenona, Toluca, Kingley and Streator made a raid on the mines at Roanoke. The operators agreed to shut down until the strike ends.

Mahon Names His Aides.

COLUMBUS, July 30.—W. D. Mahon, in charge of the miners' West Virginia campaign, has named J. W. Rea as his chief lieutenant in the Fairmont district and R. Askew in the Elkhorn district.

MERRY MAY YET SERVE.

This Government Likely to Overcome Central American Objections.

WASHINGTON, July 30.—The state department officials are very reticent upon the subject of the objection which has been lodged against the reception of Captain W. L. Merry of San Francisco as United States minister to Nicaragua, Costa Rica and Salvador.

It is expected that within a few days such representations will be made on our part as to overcome the objections. It is believed to be due to his pronounced views in favor of the Nicaragua canal.

PIRATICAL RUMORS RIDICULED.

Shippers Not Afraid Chinese Will Seize a Gold Steamer.

SAN FRANCISCO, July 30.—The dispatch from Washington to the effect that a convoy of revenue cutters would be detailed to accompany the steamer Portland out of the Bering sea when she leaves St. Michaels with \$2,000,000 of Alaskan gold from this port in September next, because her owners feared that she might be attacked by Chinese pirates, has created considerable amusement among local shipping men. No credence is given to the story.

Cap Hatfield Escaped.

HUNTINGTON, W. Va., July 30.—Cap Hatfield, the notorious outlaw, held for murder on two cases, has escaped from the Mingo jail by cutting his way out with a hatchet. A large reward is offered for him.

Arranging Window Glass Scale.

PHILADELPHIA, July 30.—Delegates representing the wage committee of the Window Glass Workers' association of the United States are here arranging the wage scale for the coming year.

MCKINLEY'S WEIGHT.

President Tipped the Scales at 191 Pounds.

PLEASED WITH LAKE CHAMPLAIN.

Mrs. McKinley Suffered No Fatigue From the Trip—The President Will Review Troops at Fort Ethan Allen—Also to Be Proctor's Guest.

PLATTSBURG, N. Y., July 30.—The president and Mrs. McKinley occupy a suite of seven rooms on the second floor in the southwest corner of the Hotel Champlain annex, connected with the main building by corridors. The rooms are the finest in the house and have been especially finished and furnished in elegant style and taste.

The president is delighted with the magnificent lake and mountain scenery.

Mrs. McKinley is a good traveler and suffered no material fatigue from the journey. The president has appeared in public only once, coming into the hotel lobby for a short time and visiting the weighing machine, where he tipped the scales at 191 pounds.

The president has had few callers. General Peck, adjutant general of Vermont, came representing the governor and people of Vermont, with handsome offerings of flowers for the ladies of the presidential party. General Peck extracted a promise that the president would visit Burlington next Wednesday and review the cavalry troops at Fort Ethan Allen and later attend a reception in his honor.

The only other plans so far made by the president are a review of the Twenty-first regiment, U. S. infantry and a reception by the officers at Plattsburg post, to take place probably next Tuesday, then some time next week a trip by steamer to Isle La Motte as the guest of Senator Proctor and of the Vermont game and forestry commission.

All the cabinet officers will be here more or less during August, and there will be informal cabinet meetings as occasion requires.

Vice President Hobart is expected next week.

OFFER OF ARMOR REJECTED.

Secretary Long Refuses the Diagonal For Three Battleships.

WASHINGTON, July 30.—Secretary Long has rejected the offer of the armor companies to supply the diagonal armor for the three battle ships, Alabama, Wisconsin and Illinois, now building at a price to be fixed hereafter by the navy department itself. The companies made this offer under the impression that as the armor of this kind is entirely within the hull and superstructure of the ships the failure of the government to procure it would stop the work of the shipbuilders entirely.

Therefore while they refuse to furnish all the armor needed at the price fixed by congress, they undertook to supply all the diagonal armor, leaving the price afterwards to be adjusted. Secretary Long, however, has found that it will be possible to go on with the work of building the ships and allow the armor to be placed on later.

THE CIVIL SERVICE ORDER.

Number of Places Elected in Internal Revenue and Customs Offices.

WASHINGTON, July 30.—A statement prepared at the treasury department shows that the recent civil service order of the president increases the exemption from the civil service competitive examination from 63 to 219 in the internal revenue service, and in the customs department 348 positions are added to the exempt class, and 150 places hitherto outside the rules have been brought within them.

All of the exempt places, however, are subject to a rigid non-competitive examination conducted by the civil service commission.

MAY SATISFY PORTUGAL

People of Monterey Condemn the Insult to Portuguese Flag.

WASHINGTON, July 30.—The incident at Monterey, Cal., on the Fourth of July involving the destruction of a Portuguese flag is well on the way toward a settlement. A report has been received at the state department from the governor of California. This shows that the affair was the work of some irresponsible person, whom it has not been possible to identify and punish and the people of Monterey are unanimous in condemnation of the insult.

With a proper expression of regret on the part of our government and the enclosure of this report it is believed the incident will be closed satisfactorily.

New Consuls Appointed.

WASHINGTON, July 30.—The president has made the following appointments in the consular service: Samuel M. Taylor, Ohio, consul at Glasgow; Gustave C. E. Weber, Ohio, consul at Nuremberg, Bavaria; William W. Tonville, Ohio, at Belfast; Hugh Pitcairn, Pennsylvania, at Hamburg; Benjamin Nusbaum, Pennsylvania, at Munich.

1,000 MEN CAMPED AT HIS MINES.

They Propose to Stay There to Induce the Other Miners Still at Work to Throw Down Their Tools—Mass-meeting Being Held.

PITTSBURG, July 30.—A second meeting to influence the miners at the Oak Hill mines of the New York and Cleveland Gas Coal company has been held at McCrea schoolhouse. Two hundred and forty of DeArmit's men out of a total of 1,200 were present, and adopted a resolution to go out until the strike is settled.

ATLANTA, July 30.—After giving a secret hearing to two of the brothers of Dr. W. L. Ryder, the white man lynched in Talbot county last week, for the murder of the girl who refused to marry him, Governor Atkinson offered the following rewards:

Five hundred dollars for the arrest and conviction of the first two members of the mob that lynched Ryder; \$100 for each subsequent arrest and conviction, and \$250 for the arrest and conviction of any person or persons hindering or interfering with the bringing of the lynchers to justice.

The governor announces that he has in his possession the names of several of the lynching mob, which numbered 15, with positive proof against three of them. He expresses his determination to exert the full power of his office to punish the guilty parties.

NO INSULT FROM JAPAN.

Admiral Crowninshield Discredits a Reported Fourth of July Incident.

WASHINGTON, July 30.—There was some comment here over statements said to have been made in a report to the navy department by Admiral Mc-

Nair, commanding the flagship Olympia, at Yokohama, that no one of the numerous Japanese merchant vessels in the harbor dressed ship on the Fourth of July, although both a British and a French flagship observed the day.

This was said to be an insult from Japan. Admiral Crowninshield says merchant vessels are not expected to dress ship and there is no evidence that any Japanese war vessels were in the harbor.

BRIGHT POINTS FOR MINERS.

Bulletin No. 2 Issued From the Headquarters at Columbus.

COLUMBUS, July 30.—Bulletin No. 2 from the headquarters of the United Mine Workers of America to the miners and mine laborers says in part: The supply of coal on hand is still low and would have been entirely consumed before this time were it not for a few sections of West Virginia, Southern Illinois and a portion of Kentucky, Central and Northeastern Pennsylvania (anthracite), which will be tackled and stopped.

In Western Pennsylvania 21,000 men are now idle. In Ohio 28,000, or all, are idle.

The Fairmont district is completely tied up, with 13,000 mine workers idle in the state. Indications point to a complete cessation of work before Aug. 1.

Organized labor has made the miners' cause their cause.

STRIKE OFFICIALS ARRESTED.

Accused of Trespassing and Annoying Miners at McGovern, Pa.

WASHINGTON, Pa., July 30.—Ted and Andrew Savage, James McManus and Tom Hayes, strike officials on whom the injunction had been served at McGovern, have been arrested and brought to Washington, charged with trespass in loitering on the path to the mine along which the miners had to go and using abusive epithets, calling the men "black sheep."

They were allowed by the sheriff to consult an attorney, John C. Bane.

A rule was granted to show cause why they should not be adjudged guilty of contempt of court. They were released on \$500 bail on trespass charges. The case is to be heard Monday at 1 p. m.

WOMEN FIGHT NON-UNIONISTS.

Strikers Being Evicted From Houses in West Virginia.

WHEELING, July 30.—There is renewed indication of trouble in the Monongah district. The wives of the striking coal miners, to the number of about 200, have taken up the fight. Daily encounters between the women and the Italian and negro non-union diggers are occurring.

The eviction of strikers from company houses along the Monongah valley is in rapid progress.

Raiding Miners Closed Mines.

ROANOKE, Ill., July 30.—Four hundred miners from Minonk, Wenona, Toluca, King'sley and Streator made a raid on the mines at Roanoke. The operators agreed to shut down until the strike ends.

Mahon Names His Aides.

COLUMBUS, July 30.—W. D. Mahon, in charge of the miners' West Virginia campaign, has named J. W. Rea as his chief lieutenant in the Fairmont district and R. Askew in the Elkhorn district.

MERRY MAY YET SERVE.

This Government Likely to Overcome Central American Objections.

WASHINGTON, July 30.—The state department officials are very reticent upon the subject of the objection which has been lodged against the reception of Captain W. L. Merry of San Francisco as United States minister to Nicaragua, Costa Rica and Salvador.

It is expected that within a few days such representations will be made on our part as to overcome the objections. It is believed to be due to his pronounced views in favor of the Nicaragua canal.

PIRATICAL RUMORS RIDICULED.

Shippers Not Afraid Chinese Will Seize a Gold Steamer.

SAN FRANCISCO, July 30.—The dispatch from Washington to the effect that a convoy of revenue cutters would be detailed to accompany the steamer Portland out of the Bering sea when she leaves St. Michaels with \$2,000,000 of Alaskan gold from this port in September next, because her owners feared that she might be attacked by Chinese pirates, has created considerable amusement among local shipping men. No credence is given to the story.

Cap Hatfield Escaped.

HUNTINGTON, W. Va., July 30.—Cap Hatfield, the notorious outlaw, held for murder on two cases, has escaped from the Mingo jail by cutting his way out with a hatchet. A large reward is offered for him.

Arranging Window Glass Scale.

PHILADELPHIA, July 30.—Delegates representing the wage committee of the Window Glass Workers' association of the United States are here arranging the wage scale for the coming year.

MCKINLEY'S WEIGHT.

President Tipped the Scales at 191 Pounds.

PLEASED WITH LAKE CHAMPLAIN.

Mrs. McKinley Suffered No Fatigue From the Trip—The President Will Review Troops at Fort Ethan Allan—Also to Be Proctor's Guest.

PLATTSBURG, N. Y., July 30.—The president and Mrs. McKinley occupy a suite of seven rooms on the second floor in the southwest corner of the Hotel Champlain annex, connected with the main building by corridors. The rooms are the finest in the house and have been especially finished and furnished in elegant style and taste.

The president is delighted with the magnificent lake and mountain scenery.

Mrs. McKinley is a good traveler and suffered no material fatigue from the journey. The president has appeared in public only once, coming into the hotel lobby for a short time and visiting the weighing machine, where he tipped the scales at 191 pounds.

The president has had few callers. General Peck, adjutant general of Vermont, came representing the governor and people of Vermont, with handsome offerings of flowers for the ladies of the presidential party. General Peck extracted a promise that the president would visit Burlington next Wednesday and review the cavalry troops at Fort Ethan Allan and later attend a reception in his honor.

The only other plans so far made by the president are a review of the Twenty-first regiment, U. S. infantry and a reception by the officers at Plattsburg post, to take place probably next Tuesday, then some time next week a trip by steamer to Isle La Motte as the guest of Senator Proctor and of the Vermont game and forestry commission.

All the cabinet officers will be here more or less during August, and there will be informal cabinet meetings as occasion requires.

Vice President Hobart is expected next week.

OFFER OF ARMOR REJECTED.

Secretary Long Refuses the Diagonal For Three Battleships.

WASHINGTON, July 30.—Secretary Long has rejected the offer of the armor companies to supply the diagonal armor for the three battle ships, Alabama, Wisconsin and Illinois, now building at a price to be fixed hereafter by the navy department itself. The companies made this offer under the impression that as the armor of this kind is entirely within the hull and superstructure of the ships the failure of the government to procure it would stop the work of the shipbuilders entirely.

Therefore while they refuse to furnish all the armor needed at the price fixed by congress, they undertook to supply all the diagonal armor, leaving the price afterwards to be adjusted. Secretary Long, however, has found that it will be possible to go on with the work of building the ships and allow the armor to be placed on later.

THE CIVIL SERVICE ORDER.

Number of Places Effectuated in Internal Revenue and Customs Offices.

WASHINGTON, July 30.—A statement prepared at the treasury department shows that the recent civil service order of the president increases the exemption from the civil service competitive examination from 63 to 219 in the internal revenue service, and in the customs department 348 positions are added to the exempt class, and 150 places hitherto outside the rules have been brought within them.

All of the exempt places, however, are subject to a rigid non-competitive examination conducted by the civil service commission.

MAY SATISFY PORTUGAL

People of Monterey Condemn the Insult to Portuguese Flag.

WASHINGTON, July 30.—The incident at Monterey, Cal., on the Fourth of July involving the destruction of a Portuguese flag is well on the way toward a settlement. A report has been received at the state department from the governor of California. This shows that the affair was the work of some irresponsible person, whom it has not been possible to identify and punish and the people of Monterey are unanimous in condemnation of the insult.

With a proper expression of regret on the part of our government and the enclosure of this report it is believed the incident will be closed satisfactorily.

New Consuls Appointed.

WASHINGTON, July 30.—The president has made the following appointments in the consular service: Samuel M. Taylor, Ohio, consul at Glasgow; Gustave C. E. Weber, Ohio, consul at Nuremberg, Bavaria; William W. Tonnelle, Ohio, at Belfast; Hugh Pittcain, Pennsylvania, at Hamburg; Benjamin Nusbaum, Pennsylvania, at Munich.

HAPPENED IN THIS STATE.

William Hyeter, a farmer northwest of Tiffin, fell from a separator and was crushed so that he died.

George Zelton, while at work on an Akron smokestack, fell 85 feet and was fatally hurt.

The Methodist Episcopal church of Brookfield will be dedicated Aug. 8, having been handsomely separed.

Bank Examiner W. E. Boden of Cambridge, while trying to board a moving passenger train was dragged for some distance and narrowly escaped death.

Earl Gamble, aged 11, while playing with companions at a grain elevator at Kensington, was smothered in a bin of wheat into which he jumped.

James S. Walker, a life insurance agent of Akron has been arrested charged by C. E. Sheldon with embezzlement.

An attempt to break jail was made by two prisoners at Zanesville by sawing bars. They were hustled off to the penitentiary.

The Tomlinson Military band of Zanesville has been mustered in as the First Regiment Light Artillery band. It will succeed the Bohemian band of Cleveland.

The Kearney & Foote company of New York has been induced by a liberal bonus to locate a file factory in Kent. It has purchased buildings in Akron and will equip a large plant for the manufacture of twist drills.

BUSINESS IS GROWING.

The Wholesale Grocer Receives Some Pleasing Reports.

CHICAGO, July 30.—The Wholesale Grocer publishes today answers from jobbers all over the country to questions regarding trade. The replies were from jobbers in 27 states and 50 per cent show an increase in the volume of business for the first half of 1897, as compared with the same period last year. 30 per cent report the volume about the same, and 20 per cent not a decrease.

The question if definite improvement in conditions was recognized, was answered affirmatively by 70 per cent. Sectionally 64 per cent of the jobbers in the southern states, 65 in the eastern, 70 from the western and 95 per cent from the central states said "yes" to the improvement question.

GLASSWORKERS TO GET A RAISE.

Window Glass Manufacturers Willing Since Passage of Tariff Law.

PHILADELPHIA, July 30.—Delegates representing the wage committees of the Eastern, Western and Northern districts of the Window Glass Workers' Association of the United States are here arranging the wage scale for the ensuing year.

An increase of wages will be asked for and the delegates have every assurance from the manufacturers that as the new tariff bill, which benefits the window glass trade considerably, has become a law an increased scale for the workers will be favorably considered.

Given Hydrophobia by a Horse.

CADIZ, O., July 30.—A few days ago Frank Beckett, a farmer living near Cadiz, had his horse and cow bitten by a mad dog. While killing them he got some saliva from the horse's mouth on his hand and has since had all symptoms of hydrophobia. Dr. S. B. McGavran, member of the Ohio state medical board, will take Beckett to the Pasteur institute in Chicago, where he will be treated.

Died After His Horse Won.

CINCINNATI, July 30.—After watching his gallant filly Taluca win the Ohio stakes in the hardest kind of a drive Dr. E. F. McLean, one of the best known horsemen on the American turf, was attacked with heart disease and died a short time afterwards at the Oakley race track.

DIAMOND,

East Liverpool, - Ohio.

EAST END WILL QUIT

If It Does Not Get a Road to the City.

LAWYERS HAVE BEEN CONSULTED

The People Say They Will Not Pay City Taxes and Live In a Country Village, and if Liverpool Will Not Act Something Will Be Heard to Drop Very Hard.

East End has for a number of years been paying what its people are pleased to term city taxes, and with the possible exception of electric light and water works has derived little benefit from its connection with East Liverpool proper. East End has grown weary of this order of things, and unless council recognizes its right to a roadway between that portion of the First ward and the center of town it will cut all its connections and organize a municipality of its own.

That sums up the situation without the usual trimmings of argument for and against the proposition, and there have been enough of these to settle the question many times had the force been expended in action instead of discussion. However, that is to come, they say. In fact it has already come as far as East End is concerned. The remainder of the matter rests with council. If a road is built East End will remain a portion of the First ward, but if council will not move in that direction East End will take the necessary legal steps to form a separate corporation.

The construction of the Liverpool Street railway was the death knell to travel between the city and its suburb by any other route. The river had cut away so much of the bank and the electric company had occupied so much of what was left, that it was impossible to drive that way without danger of leaving some portion of one's anatomy hanging on the willows. The people tried it for a time, but after a number of them had learned by various aches and pains that it was not practical it was almost abandoned.

Of course East End had the hill road, but that is a poor road at best, and in the winter season is nothing less than a long, narrow streak of mud winding along the face of the hill. Heavy loads have been an impossibility, while the man who drove that way for pleasure would have been observed as a freak of greater or less proportions, according to the ability of his judges to understand the condition of the road. The Pennsylvania company, too, conspired to make East End's life a burden, almost too heavy to bear. All the freight force were kept at the city station, and freight business was done right there. If freight happened to be prepaid the company delivered it at East End, but if the freight was paid here the merchant was compelled to come to town, settle for his packages, and then pay more money to have them removed to East End. When the roads were muddy in winter the merchants objected.

Several years ago Doctor Marshall pushed a resolution through council authorizing the people to vote on the issue of \$8,000 in bonds, the money to be used in paving the hill road from a point opposite that now well known lot on Pennsylvania at the head of Robinson street. The people did not take kindly to the bond issue, and although a small vote was cast the proposition was defeated. A short time ago the doctor tried it again, but council disposed of it after some discussion and a survey and the road is still unpaved. The proposition of W. L. Thompson donating 10 feet of ground beside the road through the Thompson estate revived the interest, and it is again being discussed.

East End is not particular which plan is adopted. It can be the extension of Ravine street or the improvement of the hill road, but it wants a line to town.

The matter has been in recent weeks quietly gone over by a number of prominent residents who are anxious to have something done. They have taken legal advice, and are ready for the issue. If the city will not give them a road they will not give the city taxes. They are determined on that point, and believe they will have little trouble in bringing about the separation. To them it is a matter of such importance that they will not hesitate to act should it again be proved that the remainder of the city is opposed to the project.

Will the Barnum Show Come?

There is a great deal of doubt whether the Barnum circus will be here this season. September 30 was the date selected by their agent when in the city, but nothing has been heard from him since early in the spring. The show is in Pittsburg the 28th and 29th of the month.

READY FOR THE CHIEF

Council Will Probably Have a Lively Session.

THE MATTER WILL BE SETTLED

Hollow Rock Campmeeting Will Be One of Attractions—News at the Shops—Something of Society—A Few Ball Games For the Future—Happenings Down the River.

The fact has just leaked out that six of the seven members of council who favor the abolition of the office of chief of police, Messrs. Johnson, Michaels, Beacom, Goetz, Cooper and McCalmont, met in the business place of Mr. Goetz, last Monday night, and agreed to make the amendment to the ordinance that Chief Warren would be retained as chief of police at a salary of \$35 per month, and that he should also be allowed to retain the position of health officer for the next eight months, when Warren's term as marshal is out. Mr. Rand, the other member who favors abolition, has been seen and he agrees to the proposition decided upon by the other six. The three members who are against abolishing the office, heard of these proceedings, and have in turn agreed that if the other seven pass this proposition they will bring up and pass the local option ordinance, and it is expected a big fight will result at the meeting Monday night. Solicitor Lones has been consulted, and he says the amendment can pass with the ordinance on the third reading. The question now is will Warren accept the position if it is passed. It is thought that, even with these combined forces, the local option question has not enough votes to carry it through.

HOLLOW ROCK.

Special Attractions For the Campmeeting This Year.

Campmeeting at Hollow Rock begins August 19 and lasts 11 days. The meetings this year will be in charge of Evangelist Fowler, president of the Evangelical association, and Amanda Smith, the famous colored evangelist and singer, and the singing will be under Miss Smith's charge. Hollow Rock has the honor of securing the state meeting this year, and it is expected that all the noted workers will be present. An enormous crowd is expected, and already half the rooms in the hotel are engaged and many new cottages are being put up. The hotel and lunch stand will be under the charge of W. C. Bunting, of this city.

Sporting Notes.

The Crescents will play the Lisbon team at the old fair grounds Saturday afternoon. Wellsville will line up as follows: Joblin, first; Turner, second; McShane, short; Heaken, middle; Steele, pitcher; Collins, catcher; McGurren, left; Hester, third; Grafton, right; Roger, sub.

The Cleveland and Pittsburg roundhouse nine defeated the machine shop nine by a score of 9 to 2 at the fair grounds last evening.

Wellsville wheelmen are getting up a big handicap road race for Thursday, Sept. 2. Subscription papers are being circulated, and money will be raised to purchase a racing wheel for first prize. The race will be sanctioned by the League of American Wheelmen and open to everybody.

Railroad Notes.

Brakeman Ed Bell, while coupling cars on train 95 yesterday, had his forefinger badly pinched.

F. L. McCord, foreman of the car shop storeroom, who ran a rusty nail in his foot recently, is laid off on account of it. It is feared blood poisoning will result. Bud Fisher is acting foreman in his absence.

Work in the car shop is so scarce that a large number of the car repairers are being put on the laboring gang.

With the exception of a few cars of slack the yards contain no freight.

Mayor Jones' Business.

In mayor's court last evening when the case of Willie Lewis, who was charged with trespassing on T. A. Lloyd's premises was called, it was announced settled out of court.

Charles McMullen, Bert Adams, Thomas Frank and Will Weldon each paid \$4.60 for remembering their youth by playing ball in the street.

There were no cases this morning. Justice MacKenzie fined three bums for riding on freights, but they had no money and were released.

In Society.

Miss Mattie Andrews entertained a party of her young lady friends at her cottage at Spring Grove last evening.

Miss Lettie Whitten entertained about 15 of her lady friends at tea last evening at her home on Broadway.

Miss Erla Stevenson entertained a large company of her friends last evening in honor of the Miss Franey, of Toronto. A good time and an elegant lunch are reported by the young people.

Elected Officers.

The Wellsville Fair association met in F. M. Hawley's office last evening. An organization was effected by electing F. M. Hawley president; W. C. Bunting, vice president; John Lyth, treasurer, and W. R. Lawson, secretary. W. R. Lawson and O. S. Bower were elected a committee to demand the books from the old officers for examination. Meetings will be held every Thursday night until the business is settled.

To the Public.

All money due the NEWS REVIEW from my late subscribers will be paid to Capt. Harry Palmer, owner and manager, or his duly accredited agent, Mr. C. R. McGregor, as I have severed my connection with the NEWS REVIEW to take charge of my father's business at Toronto. I embrace this opportunity to thank my friends for kindness to myself while in the newspaper business, and bespeak their good will for my successor.

FRANK B. KELLY.

The News of Wellsville.

Harry Hammond and Charles N. Brannon returned last evening from their California trip. Mr. Brannon caught cold and it settled in his lungs, and he arrived home a very sick man. He was accompanied by Doctors Walker and McGowan, of Steubenville, who were

with the party and who have been attending Mr. Brannon.

Leonard Aughinbaugh and Thomas MacIntosh were Wheeling visitors yesterday.

Five carloads of people attended the picnic given by the Episcopalian Sunday school at Columbian park yesterday.

Wellsville has quite a representation at Chautauqua. A. R. Wells and family, W. F. Lones and wife, Misses Edna and Zono Smith, Misses Florence Everson and Mary Lawson went this morning. Mrs. O. S. and T. J. Forner will go this week and Rev. H. W. Lowry next Monday.

The Actor and the Man.

Great painters, sculptors, musicians and actors are careful not to lose their heads in the tumult of their emotions. Edwin Booth, so far as is known, never threw himself into his character but on one occasion, and then he was playing Bertuccio in "The King's Fool." It is related that he came off the stage at the conclusion of the performance convinced that he had surpassed all of his previous efforts, and that he was excited, thrilled, tingling with the emotions of the character into which he had blindly cast himself, but his daughter, Edwina Booth, who had been sitting in a stage box, told him she had never seen him act so badly. For that one performance Booth deliberately had chosen to be the man and not the artist.—San Francisco Argonaut.

A Plain Address.

The Lord Farnham of 50 or 60 years ago invited a tenant farmer to dinner who had no experience in the methods of addressing titled personages. He consulted a friend in his perplexity, who told him on speaking at first to say Lord Farnham or Lady Farnham and then to talk to them as other people. On meeting his friend afterward the guest told him he had got on well at dinner and soon felt quite at home. "I took your advice and, having said, 'How do you do, Lord and Lady Farnham?' I called them plain Mr. and Mrs. Farnham for the remainder of the evening."—Westminster Gazette.

Gold Crase Delays Torpedoboat.

WASHINGTON, July 30.—The firm of Moren Brothers, Seattle, building the torpedoboat Rowan, has informed the navy department that so many of their workmen have dropped their work to go to Alaska that they are obliged to appeal for an extension of time in which to complete the boat.

All the news in the NEWS REVIEW.

Pretty printing.

OUR work is not always perfect; but nine times out of ten, and six days in the week, we are doing the best work in eastern Ohio. We're equipped for it.

AN ARGUMENT:—There are eggs and eggs; the egg of yesterday looks, feels, measures and weighs like the egg of last month, but there's a slight difference in another respect, and that difference is worth money. It's just so with printing; the difference between the good work and poor is slight to the unpracticed discernment, but it's a difference that counts every time. It costs money, but it makes more—it changes the printing bills from an expense to an investment.

Our Cut Price Sale On Tan Shoes

has made things hum. The knocking off of profits seems to be appreciated by the public. We will continue this method of cutting until all Tan and Green Shoes are disposed of. We have a large stock of Ladies' Tans and lots of Misses' and Children's, Boys' and Youths', and many good things in Men's. To these we have added many lines of Black Goods, which will be sold regardless of profit. They are simply good fresh goods in perfect order and latest styles, and are rare bargains. It will pay any shoe buyers to see these goods before buying elsewhere. It's not a mere advertisement but a fact, that we sell good shoes, and sell them cheap.

EAST END has rights which the re-
mainder of the city must at some time
consider. The present seems about as
well suited for that purpose as any date
in the future.

CONGRESS has adjourned, but the
Record continues to do business at the
old stand. There are a few more pounds
of manuscript speeches to dispose of be-
fore the faithful old thing takes its
recess.

JAPAN has taken to insulting the stars
and stripes. Should the little fellows
continue the practice Uncle Sam will be
compelled to take them in hand. He is
big enough just now to object to that
sort of thing.

THE state campaign will not be long.
The Republicans will begin operations
early in September, but from that time
until the first Tuesday after the first
Monday in November, Ohio is expected
to be a very lively portion of this great
country.

THE cry of the free silver men against
the Lingley bill grows more doleful
with every day, but it will not last long.
When they find the country too busily
engaged to hear their tale they will tire
of being ignored. Let us hope they will
find in their next issue a story that will
be less tiresome.

THE Lisbon Patriot suggests John
Sturgeon, of Knox township, as a candi-
date for state senator, and seems to
think that Republicans as well as Democ-
rats will support him. Its only hope
this year is in nominating a man who
could draw from the Republican party.
There are not enough Democrats in the
district to elect any candidate.

NO WONDER THEY STRUCK.

So far as the miners of Ohio are con-
cerned their cause is just. For several
years they have been working and starv-
ing until they were reduced to that
point where it was well nigh impossible
to keep body and soul together if they
depended upon what was found in their
pay envelopes at the close of each two
weeks. This they have repeatedly stated,
but the public could not understand it,
the people would not believe. There is
no longer reason to doubt that they
have been telling the whole truth. The
report of State Mine Inspector Haseltine
was given Governor Bushnell this week,
and it confirms in substance what the
miners have said. During the year the
average price paid for mining was 56
cents, and the average daily wage \$1.47
during the time the mines were in
operation, or \$221.51 for the year's work,
\$18.45 a month. How far would that
amount go toward providing the bare
necessities, without thought of luxuries,
in families seldom numbering less than
eight and often a dozen? Is it any
wonder the miners of Ohio have struck?

Dry Goods. Millinery,
Ladies and Gents Furnishings.

The big values in our summer goods during our
July Clearance Sale has created much sensation in
the past three weeks among the shrewd shoppers of
East Liverpool and vicinity. The prices in all our
different lines of goods have been cut right and left--
some to one-half and some to less than half their
real value. The millinery especially we have cut to
one-third its original value. If you have not at-
tended this wonderful bargain sale you are cordially
invited to come and be convinced. All these goods
are new and of best quality--facts not often met
with in sales of this sort, where quality of fabrics is
a secondary point. This difference is all in favor of
the customers of this store. Note carefully the prices
quoted.

J. L. APPLE, Dry Goods. Millinery, Ladies and Gents Furnishings.

The big values in our summer goods during our
July Clearance Sale has created much sensation in
the past three weeks among the shrewd shoppers of
East Liverpool and vicinity. The prices in all our
different lines of goods have been cut right and left--
some to one-half and some to less than half their
real value. The millinery especially we have cut to
one-third its original value. If you have not at-
tended this wonderful bargain sale you are cordially
invited to come and be convinced. All these goods
are new and of best quality--facts not often met
with in sales of this sort, where quality of fabrics is
a secondary point. This difference is all in favor of
the customers of this store. Note carefully the prices
quoted.

IT AMUSED THE CROWD

But Was Not Pleasant For the Wife.

ONE JUMPED A HIGH FENCE

When He Was Discovered, and the Injured Husband Proceeded Before a Little Crowd of Interested Spectators to Chase His Wife.

A little knot of Chester people were last night treated to a scene from a drama in real life. It was relished all the more because they have been expecting it for several months.

It seems that a slipmaker employed in an uptown pottery has for some time been paying marked attention to the wife of a saloonkeeper whose place of business is nearer the river. During the last two months they have been crossing the Ohio every night, he by the bridge and she in a skiff, the woman representing to her husband that she spent the time with her relatives in West End. Their time was spent in the orchard above the ferry landing. Occasionally they spent Sunday afternoon in the same manner.

The good people of Chester were scandalized, and determined to put an end to the practice. The matter was gone over, and last night one of the best known residents crossed the river, and when he returned was accompanied by the saloonkeeper and the slipmaker's wife. They had been informed of the clandestine meetings, and were hurriedly taken to the orchard where the pair were at that time known to be. The scene which followed was successful beyond their wildest hopes had they dreamed of sensationalism.

The man and woman were carefully taken through the orchard, and were within a few feet of those they sought before they were discovered. Then the slipmaker ran, clearing a high board fence, surmounted by barbed wire, and escaped through a cornfield, leaving his companion to face the indignant husband and his wife.

Hot words followed the discovery, the saloonist ending them by chastising his wife in a manner which will cause her to remember the happening for days yet unborn. Then he ordered her to accompany him home, and the crowd dispersed very well satisfied with the warning they had given all people from the city who make Chester the scene of their wickedness.

It is said today that the matter will not end where it is at present. At least one divorce action is promised for the next term of court, and another may be filed in a very few days.

NEW WINTER CARS.

The Liverpool Line Will Likely Have a Few.

J. J. Coleman, representing the St. Louis Car company, was in the city yesterday morning, the guest of Manager John Hoefgen. In speaking of the gentleman's business Mr. Hoefgen said: "We will possibly buy some new winter rolling stock, and I have already placed an order for several new trucks, and expect them to arrive within a few weeks. Our business during the past few days has been excellent. If the weather continues fair we will make enough money to surprise the natives with something new on the line. There are several schemes we are now thinking about which will prove of interest to the citizens of East Liverpool. I hope we will be able to carry out our plans."

The New Football Club.

The Rugby football club will meet next week for the purpose of organizing and electing officers for the season. A majority of the old members will stay with the eleven, and will be found playing football when the season opens. It is probable the last has been heard of the Eclipse club, as the name will be changed, and an entire new organization formed.

A Salem View.

They can't get the new railroad from Lisbon to East Liverpool built too soon to please a waiting public. When completed we shall all feel as if Liverpool is in reality within the limits of Columbiana county.—Salem News.

Neither the News nor Salem candidates wish that way about primary time.

A Needed Improvement.

The section gang of the street railway company this morning commenced to repair the public road at Brady's cut. Old ties are being used to form a wall, and it is probable the road bed will be much more substantial than before.

—This morning Miss George Harker, the Misses Hill and George Davidson left for a two weeks' outing at Chautauqua.

—Mrs. N. B. Jackman and son left this morning for Chicago, where they will visit her son, H. H. Jackman, of the civil engineer corps of that place.

—Mr. and Mrs. Stewart, of Kansas City, left this morning for Rochester. They were the guests of R. L. Andrews, of East End.

TESTED THE BRIDGE.

It Is Strong Enough For All Ordinary Purposes.

Prof. J. G. Kerry, assisted by J. C. Kelly, this morning conducted a series of experiments on the bridge to ascertain to what extent the structure had been injured by the expansion of a few weeks ago. Six heavy street cars were placed on the shore spans, and the channel span was only raised an inch. The experiments consumed the greater part of the morning, and were satisfactory, showing the bridge to be all right.

COMPANY BEING FORMED

To Build Another Pottery In the East End.

WILL TRY THE LAND PLAN

It Is Proposed to Buy the Property of Harvey Martin Across the Railroad From the Sebring Plant and Get Down to Work at Once.

It has been quietly whispered around for several days that a company is being formed for the purpose of building another pottery in East End.

The project as it was given to the NEWS REVIEW is much after the plan so successfully carried out by the parties interested in the construction of the Sebring pottery, and those who are at the head of the movement believe it can be made to win. The property in view is the land owned by Harvey Martin, and it is proposed to erect the pottery across the railroad from the other factory, thus keeping them away from the residence portion of the new town. At present the scheme is said to have advanced only a little way, but a number of potters and capitalists are interested and believe a sufficient number of lots can be sold to insure the building of the pottery.

The report that a company would apply for a franchise and build an electric line to the Diamond if the Liverpool company does not extend its track, coupled with the pottery projects, has caused some commotion in East End.

Elected Officers.

At the annual meeting of the Specialty Glass company held in Pittsburg yesterday the following were elected as the board of directors: N. G. Macrum, J. M. Schaeffer, J. M. Manor, F. Lauf-
fenburger and George S. Matheney. Nothing regarding the moving of the plant was done.

Going to the Infirmary.

The township trustees in the morning will send Seraphim Stager and wife, of Third street, to the infirmary. The couple are over 70 years of age, and having no one to care for them requested that they be sent to the infirmary to spend their remaining days.

Will Fight to a Finish.

A fight to a finish is scheduled to take place on Babb's island within the next month. The principals will come from Pittsburg and have figured in several recent contests. The match will be given under the name of a local club.

On the River.

There was a slight rise in the river last night and the marks now show a stage of 8.6 feet of water. There was quite a lot of freight shipped from this port yesterday. Passed up—Bedford, Lorena Virginia and Enterprise. Down—Ben Hur.

Our mid-summer, sweep sale prices have no rivals. Think of it! Ladies' fine \$3.50 and \$4 shoes, chocolate or green, now go at \$2.50.

FRANK, SHUMAKER & CO.

Pet Names.

A white and colored man yesterday afternoon indulged in a pitched battle at an uptown livery stable. Neither of the parties were injured to any great extent, but they succeeded in calling each other a few pet names.

Testing the Alarm.

A number of the fire alarm boxes were tested yesterday afternoon. Firemen Bettridge and Peterson worked the boxes while Chief Morley attended to the ticker in the station. All were found to be in good condition.

Not an Arrest.

When the mayor came into his office this morning he wore a broad smile. He expected to rake in a few shekels from fines, but soon tears were running down his cheeks, as not one arrest was made during the night.

The Lecture Course.

The lecture committee of the Young Men's Christian association will hold a meeting this evening to determine upon the talent to be secured for the coming season. The course will be one of the best ever formed.

A Lot of Baggage.

There was a great lot of baggage handled at the local station this morning. There were over 2,400 pounds, and the western train was delayed five minutes while it was being put on.

Frank, Shumaker & Co.'s mid-summer, sweep shoe sale is now on. Their prices are matchless.

New York Men Say They Never Were Lower.

NO CHEAP TRASH ON HAND

Competition Has Driven It From Market. Another Story From New York Which Does Not Agree With the Report of Last Week.

The action of the New York crockery board of trade in deciding to increase prices is not borne out by the latest advices from the metropolis. The New York correspondent of China, Glass and Lamps sums up the situation after calling on a number of dealers in this way: "The quantity of imported earthenware and glassware now available for sale in New York is immense, and as present holders naturally desire to dispose of their stocks to advantage as soon as possible, now would seem to be an excellent occasion for retailers to renew their supplies. Prices are certain to be low during the coming season and wares are generally of good quality. Competition has driven cheap trash almost entirely out of the market, so there is little or no danger of purchasers being imposed upon by worthless wares. Manufacturers of crockery, glassware and lamp goods throughout the United States are fully prepared to meet all the calls made upon them by their patrons and customers, home made as well as imported wares being generally excellent in quality and moderate in price. There certainly seems to exist a first-class opportunity for crockery and glassware men to replenish their stocks at a smaller expenditure than ever before."

M'KINLEY AVENUE.

Councilman Olmhausen Would Change the Name of Jethro Road.

Jethro road, from the end of Jethro bridge to the city line, will have a new name in the future. Councilman Olmhausen at the next meeting of council will ask that the road be called McKinley avenue.

"Several other streets should be named," said the gentleman last evening, "and why they have not been named is more than I can understand." When asked why name the road McKinley avenue, he said: "All residents along here are prospering, and I think it as good a name as one could suggest."

EXTENDING PASSENGER SERVICE.

Trains Will Likely Run Through to Kenilworth.

Arrangements are being made by officials of the Pennsylvania company to extend the passenger service of the Cumberland branch to Kenilworth in the near future. If the plan is carried out two trains will reach the clay works every day, one at noon and the other in the early evening. It is suggested that the Cumberland people aid the residents of the upper district to make the occasion an excuse for a big picnic at Mahan's grove.

WILL PAINT THEM RED.

Pennsylvania Engines to Appear in New Colors.

The passenger locomotives on the Pennsylvania lines will probably be painted Tuscan red, the color that has been so long used on the coaches of this system. It will be a change pleasing to the eye. There is no reason machinery should be ugly to do good work, and the railroads have nearly all made their locomotives as hideous as possible within recent years, a striking contrast to the artistic coloring of the long ago.

Out at Spring Grove.

The Sunday school class of Miss Mame Reager picnicked at Spring Grove yesterday afternoon.

Three men spent a greater part of yesterday removing stumps from the circle. A cinder path has been made from the dormitory to Elite circle.

Croquet is now the favorite amusement at the grounds.

The church services held last evening in the prayermeeting tent were largely attended.

Picnicked at Neil's.

A crowd of 52 young people spent an enjoyable time at Neil station last evening. They were to make up a hay ride, but later the program was changed, and they went up on the 8 o'clock train and came back at midnight.

A Large Attendance.

The dance given at the home of L. L. Golden, Jethro road, last evening, was well attended. There were about 100 people present. S. F. Fowler, of Cripple Creek, Col., was among the guests.

THAT STRANGE FRENZY.

More About the Self Immolated Russian Fanatics.

Further details have been received from the special correspondent of The Daily News who is inquiring into the Tiraspol (Russia) tragedy, in which 15 persons, at least, belonging to the Raskolniki, a religious sect, were of their own volition buried alive or walled up in the cellar of the house of Feodor Kovaleff, who is now under arrest.

The cellar is a cave at the base of Kovaleff's cottage. In this place, which is so small that it is marvelous how so many persons were buried there, nine bodies were found, lying alternately head to feet. In one instance a hollow had been scooped in the clay wall to make room for the head of the victim.

The governor of the prison in which Kovaleff is confined has elicited from the prisoner the information that the interments were made at night in the presence of a number of his coreligionists. The victims in every instance donned their best garments, over which they placed shrouds.

They then prostrated themselves silently and resignedly in their graves, lying in close array and always on the right side. They did not utter a moan or move hand or limb while they permitted Kovaleff to shovel the earth upon them.

Not even the children relented in their resolution or yielded to the physical instinct which causes a dying person to wrestle in his death agony, although they might have stepped out while the clouds were falling upon them. Photographs of the bodies prove that they died motionless.

Kovaleff, though his face is of a poor type, bears an excellent character. He is sober and thrifty, gentle, affectionate, and well to do, like all the Beguni, the branch of the Raskolniki to which he and the victims belonged.

The correspondent records the suspicion that similar practices have been going on for years in the more populous village of Plotzkoe, seven versts beyond Ternofka. The police will shortly make a search for bodies at that place. —London Cable in New York Sun.

PREPARED TO ROUGH IT.

Four Young Men to Tramp to the Yosemite Valley.

Four of the best known young men of Oakland, Cal., started recently to tramp to the Yosemite valley. The boys perfected their plans and went prepared to meet emergencies empty handed and on foot. Beach Carter Soule, Raymond T. Baker, Royal P. Macdonald and Clifford Boardman compose the party.

For the period of six weeks they will abandon the ease and comfort of everyday city life to try the lot of the outcasts who wander over country roads, trusting to good fortune for their meals and to an unfailing ability to locate lofty haystacks for a place to sleep. Soule, Baker, Macdonald and Boardman are leaders in the younger set of Oakland, and their novel scheme for a holiday outing has amused the community greatly.

They will neither beg nor borrow, but will perform odd jobs wherever they are to be had, dine with whoever is kind enough to ask them in for a repast and shift for themselves when they are not within reach of farmhouse or settlement by hunting game and fishing. Each will carry some kind of a gun. —San Francisco Chronicle.

A Great Sea Tunnel Project.

A scheme is being discussed in newspapers and at meetings for the construction of a submarine tunnel between Ireland and Scotland. Its length would be about 20 miles. It would need to be carried about 1,000 feet below sea level in midchannel, and its cost would be anything from \$40,000,000 upward. The traffic would probably not do more than cover working expenses, says The Railroad Gazette, for the mouth of the tunnel on the Scotch side would be in a remote, thinly peopled part of the country, 80 miles from the nearest center of population. A rate per mile low enough to draw the traffic away from the existing steamboat services would be so low that it would hardly pay interest on the vast construction capital, even if the tunnel were as full of trains as the London "Underground."

Was In Many Battles.

General Green P. Garner, who died in Chicago recently, took part in 30 battles in the Mexican and civil wars and was wounded at the storming of Chapultepec. He was in the battles of Palo Alto, Cerro Gordo and Buena Vista. At the latter engagement he became "cannon deaf" and never entirely recovered his hearing. After the Mexican war he engaged in his profession as a civil engineer, and when Fort Sumter was fired upon he helped raise the Eighteenth Illinois regiment, in which he insisted on enlisting as a private. In the campaign of Grant from New Madrid to Fort Donelson, he was promoted from the ranks. He then served with Grant in the east and left the service with the title of general.

Diamonds In an Extinct Volcano.

An interesting discovery from a geological point of view was recently made by an explorer in the mountains of Witzies Hoek, Natal. On the summit of an extinct volcano, on the edge of a lake that occupies the crater, soundings revealed a layer of sand inclosing small diamonds. It would be interesting to know whether these diamonds were there accidentally—that is, as the result of washing operations carried on by the natives—or whether this discovery corresponds to an actual mine of diamonds, for the hills of Witzies Hoek are not situated in regions known to be diamond bearing. On the last hypothesis the presence of precious stones in the crater of a volcano would doubtless throw some light on the formation of the gems in nature. —Genie Civil.

Ten Thousand Telegrams at Once.

In 1871, at a celebration held in New York in honor of Professor Morse, the original instrument invented by him was exhibited, connected at that moment by wire with every one of the 10,000 instruments then in use in the country. At a signal a message from the inventor was sent vibrating throughout the United States and was read at the same time in every city from New York to New Orleans and San Francisco. —St. Nicholas.

New York Men Say They Never Were Lower.

NO CHEAP TRASH ON HAND

Competition Has Driven It From Market. Another Story From New York Which Does Not Agree With the Report of Last Week.

The action of the New York crockery board of trade in deciding to increase prices is not borne out by the latest advices from the metropolis. The New York correspondent of China, Glass and Lamps sums up the situation after calling on a number of dealers in this way: "The quantity of imported earthenware and glassware now available for sale in New York is immense, and as present holders naturally desire to dispose of their stocks to advantage as soon as possible, now would seem to be an excellent occasion for retailers to renew their supplies. Prices are certain to be low during the coming season and wares are generally of good quality. Competition has driven cheap trash almost entirely out of the market, so there is little or no danger of purchasers being imposed upon by worthless wares. Manufacturers of crockery, glassware and lamp goods throughout the United States are fully prepared to meet all the calls made upon them by their patrons and customers, home made as well as imported wares being generally excellent in quality and moderate in price. There certainly seems to exist a first-class opportunity for crockery and glassware men to replenish their stocks at a smaller expenditure than ever before."

MCKINLEY AVENUE.

Councilman Olmhausen Would Change the Name of Jethro Road.

Jethro road, from the end of Jethro bridge to the city line, will have a new name in the future. Councilman Olmhausen at the next meeting of council will ask that the road be called McKinley avenue.

"Several other streets should be named," said the gentleman last evening, "and why they have not been named is more than I can understand." When asked why name the road McKinley avenue, he said: "All residents along here are prospering, and I think it as good a name as one could suggest."

EXTENDING PASSENGER SERVICE.

Trains Will Likely Run Through to Kenilworth.

Arrangements are being made by officials of the Pennsylvania company to extend the passenger service of the Cumberland branch to Kenilworth in the near future. If the plan is carried out two trains will reach the clay works every day, one at noon and the other in the early evening. It is suggested that the Cumberland people aid the residents of the upper district to make the occasion an excuse for a big picnic at Mahan's grove.

WILL PAINT THEM RED.

Pennsylvania Engines to Appear in New Colors.

The passenger locomotives on the Pennsylvania lines will probably be painted Tuscan red, the color that has been so long used on the coaches of this system. It will be a change pleasing to the eye. There is no reason machinery should be ugly to do good work, and the railroads have nearly all made their locomotives as hideous as possible within recent years, a striking contrast to the artistic coloring of the long ago.

Out at Spring Grove.

The Sunday school class of Miss Mame Reager picnicked at Spring Grove yesterday afternoon.

Three men spent a greater part of yesterday removing stumps from the circle. A cinder path has been made from the dormitory to Elite circle.

Croquet is now the favorite amusement at the grounds.

The church services held last evening in the prayermeeting tent were largely attended.

Picnicked at Neil's.

A crowd of 52 young people spent an enjoyable time at Neil station last evening. They were to make up a hay ride, but later the program was changed, and they went up on the 8 o'clock train and came back at midnight.

A Large Attendance.

The dance given at the home of L. L. Golden, Jethro road, last evening, was well attended. There were about 100 people present. S. F. Fowler, of Cripple Creek, Col., was among the guests.

THAT STRANGE FRENZY.

More About the Self Immolated Russian Fanatics.

Further details have been received from the special correspondent of The Daily News who is inquiring into the Tiraspol (Russia) tragedy, in which 15 persons, at least, belonging to the Raskolniki, a religious sect, were of their own volition buried alive or walled up in the cellar of the house of Feodor Kovaleff, who is now under arrest.

The cellar is a cave at the base of Kovaleff's cottage. In this place, which is so small that it is marvelous how so many persons were buried there, nine bodies were found, lying alternately head to feet. In one instance a hollow had been scooped in the clay wall to make room for the head of the victim.

The governor of the prison in which Kovaleff is confined has elicited from the prisoner the information that the interments were made at night in the presence of a number of his coreligionists. The victims in every instance donned their best garments, over which they placed shrouds.

They then prostrated themselves silently and resignedly in their graves, lying in close array and always on the right side. They did not utter a moan or move hand or limb while they permitted Kovaleff to shovel the earth upon them.

Diamonds in an Extinct Volcano.

An interesting discovery from a geological point of view was recently made by an explorer in the mountains of Witzies Hoek, Natal. On the summit of an extinct volcano, on the edge of a lake that occupies the crater, soundings revealed a layer of sand inclosing small diamonds. It would be interesting to know whether these diamonds were there accidentally—that is, as the result of washing operations carried on by the natives—or whether this discovery corresponds to an actual mine of diamonds, for the hills of Witzies Hoek are not situated in regions known to be diamond bearing. On the last hypothesis the presence of precious stones in the crater of a volcano would doubtless throw some light on the formation of the gems in nature. —Genie Civil.

Ten Thousand Telegrams at Once.

In 1871, at a celebration held in New York in honor of Professor Morse, the original instrument invented by him was exhibited, connected at that moment by wire with every one of the 10,000 instruments then in use in the country. At a signal a message from the inventor was sent vibrating throughout the United States and was read at the same time in every city from New York to New Orleans and San Francisco. —St. Nicholas.

Melting.

It was evident to the practiced perceptions of the young woman that he was in a melting mood.

As if to verify her acumen, as soon as her father appeared the young man ran. —Indianapolis Journal.

A Delicate Compliment.

No more elegant compliment was ever paid to a preacher than that of King Louis XIV of France to Jean Baptiste Massillon, bishop of Clermont. Said he: "I have heard many great preachers, and the effect they produced on me was that I felt thoroughly satisfied with them. Every time I heard you I was dissatisfied with myself."

LOCAL BREVITIES.

The weekly house cleaning is taking place today at the fire station.

A. M. Porterfield and family moved their household effects to Bellaire today.

Picked nines from this city and Wells-ville are playing ball this afternoon at Rock spring.

Kirk, youngest son of A. J. Moon, of Fourth street, is very ill. It is thought he cannot recover.

The collection taken at the Christian church next Sunday will be added to the building fund.

William Rex, Howard Blake and Charles Weaver left this morning for a bicycle trip to Steubenville.

The McKinley club failed to meet last evening, owing to the fact that there was not a quorum present.

A young lady was knocked from her wheel in East Market street. She was slightly stunned but not injured.

The Standard Pottery company yesterday afternoon commenced the work of putting in new scales in Broadway.

W. A. Kenney, a student of Mt. Union college, will speak at the Young Men's Christian association, next Sunday.

The grocery stores in the city are now closing at 7 o'clock, and the clerks are in consequence in a very amiable frame of mind.

The picnic given last evening at Rock Spring by "The Boys" was largely attended, and was one of the most enjoyable of the season.

The Green Street Baptist church of Allegheny will hold a picnic at Rock Spring Aug. 12. The church is made up of colored people.

Paul Shaw and Harry Barton last evening had a bicycle collision in Fifth street. Both riders were thrown but escaped serious injury.

Conductor Jordan, of the local pony, who was suspended for two weeks on account of the East End wreck, returned to work this morning.

An important meeting of the Labor day committee will be held this evening, when the grounds for holding the celebration will be selected.

AFTER HER ATTORNEY

Mrs. Costellow Enters a Suit For Damages.

IT WAS A REAL ESTATE DEAL

Growing Out of the Settlement of the Affairs of George Carraher Several Years Ago—A Wellsville Man Wants an Accounting For James Cochran's Affairs.

LISBON, July 30.—[Special]—Catherine Costellow, of Liverpool, has entered suit against Attorney E. D. Marshall, claiming \$500 damages because of a real estate deal. She says that five years ago George Carraher died in East Liverpool, and Marshall was appointed administrator of his estate. She says that at this time the attorney came to her and persuaded her to buy a part of lot 360 as a part of Carraher's estate. Mrs. Costellow claims that the land she purchased never belonged to the Carraher estate, and she held it until May of last year before discovering her loss.

An action asking for the division of lot 61 in Wellsville among the heirs of James Cochran was filed today by E. C. Cochran against Mary J. Cochran and other heirs. He also wants Curtis Cochran to account for the rents and profits of the property.

The jury selected to determine the ownership of the wheat on Jesse Kepner's farm decided in favor of John R. Martin, ex-treasurer. It developed that Kepner had sold his interest in the crop after the judgment was rendered. The wheat was threshed and 232 bushels sold to James McAllister, of Kensington. It will be recovered by the sheriff.

Almost Killed.

W. E. Bond, bank examiner, while attempting to board a moving passenger train at Cambridge was dragged and narrowly escaped death. He is well known to the bankers of this city.

Quarterly Conference.

The quarterly conference of the First M. E. church will be held next Monday evening. The sermon will be preached by Rev. H. S. Jackson, D. D.

Balbriggan underwear for men at 19c and 45c at the Buckeye Clothing House.

TWO CHILDREN HURT.

One Was Run Down by a Buggy, the Other Hit by a Pick.

A three-year-old child of Daniel McKeever while playing in the roadway, near Peake's store last evening, was run over by a buggy owned by Charles McNicol. The child was removed to its home where its injuries were dressed.

Clyde Walters, of West End, was playing with a number of small boys near the ball ground when one of them accidentally struck him in the upper part of the right leg with a sharp pick. The wound was dressed by a physician, but it will be some time before he will be able to walk.

No Final Settlement.

Mr. and Mrs. Thomas Stevenson failed to make a deed of trust to S. J. Martin yesterday afternoon as was expected. He called at the Martin place this morning and said that he was detained by sickness.

The report published in a Pittsburg paper this morning states that all the crooked work of the young man had been secured, but upon investigation this was found to be incorrect.

Mid-summer, sweep sale prices are trade winners. Our fine \$5 tan, oxblood and green shoes, now go at \$3.47.

A Celebration.

The Daughters of St. George will celebrate Stoke Wakes next Tuesday evening at the residence of Mrs. Harry Moore, Sunnyside. All members are expected to attend with their baskets.

Cut Down the Crop.

Street Commissioner Finley this afternoon destroyed all the weeds that have been growing in Third street for the past two months. The improvement was needed.

More Than Usual.

There was an unusual amount of waste paper on the streets yesterday afternoon and evening. A good lot of it was seen in Fifth street and around the Diamond.

The Peacock at Home.

The real home of the peacock or peafowl is in India. There they were and are hunted, and their flesh is used for food. As the birds live in the same region as the tiger, peacock hunting is a very dangerous sport. The long train of the peacock is not its tail, as many suppose, but is composed of feathers which grow out just above the tail and are called the tail coverts. Peacocks have been known for many hundred years. They are mentioned in the Bible. Job mentions them, and they are mentioned, too, in I Kings x. Hundreds of years ago in Rome many thousand peacocks were killed for the great feasts which the emperors made. The brains of the peacock were considered a great treat, and many had to be killed for a single feast.—St. Nicholas.

Buried the Dead.

The 10 o'clock train going west this morning killed two large dogs near West End park. Sanitary Policeman Burgess was notified, and he paid a young lad 10 cents to bury them.

W E want you to know there is a "Standard" Sewing Machine Company. If you don't know it we cannot get your trade. This company has existed eleven years. It commenced with \$200,000 capital. It has increased each year in sales and in capital. It now has \$2,000,000 invested. It has an immense factory and most complete facilities for making 300 machines per day. It has already made and sold 325,000 machines, each one speaking for itself and the company that made it.

It can now turn out 100,000 machines every year. The recent rapid growth of its trade and large demand will justify this output.

It wants your trade, and will give you the best machine in the world. Carefully examine it. Recognize the principles on which it is constructed. No other like it—because it costs too much for the old line companies to make. Their old style antiquated machinery will not do the close and accurate work necessary to turn out a rotary. It is twenty years ahead of all competition. Highest grade, fastest speed, finest made, the "Standard of the world. Young, ambitious, enterprising, it knows that to succeed in face of the steady competition and calumny of the older companies it must give you a machine very far superior in principle and workmanship. It has done so, and the 325,000 users of its goods are unanimous in saying so. It wants your intended purchases also. Its machines are better than the best, and it stands by this assertion. Prove it by its use, and if not so it will never cost you one cent. Ask for the "Standard."
